

History - Year 3 Term 2

Basic Skills

| <i>Key Language & Vocabulary</i> | | |
|--------------------------------------|----------------|--------------|
| Stone Age | Bronze Age | Copper |
| Iron Age | Tribal kingdom | Pre-historic |
| Late Neolithic | Archaeology | |
| Hunter gatherers | Archaeologist | |

Values

Courage

Rich Learning Experiences

Key Learning Objectives

- To understand the changes in Britain from the Stone Age to the Iron Age.
- To gain and deploy a historically grounded understanding of key vocabulary.
- To understand key concepts such as continuity and change.
- To understand methods of historical enquiry.

Key Knowledge and Skills

- To place the time studied on a time line.
- To know that tools were crucial to survive for the early man.
- To know what type of tools they made and how they made them.
- To understand the difference between the Stone Age man and the Bronze Age man (how did homes change?).
- To know and understand reasons why Stone Age man lived in small groups and the change to Iron Age tribal kingdoms.
- To describe how hill forts were designed to protect Iron Age tribes (link to map work).
- To know what was found at Skara Brae and why it was important.
- To understand what the job of an archaeologist is.
- To distinguish between different sources of evidence and compare different pieces of evidence about Skara Brae

Enrichment Opportunities ('Learning in Action')

Archaeology activity

Learnacy and Y-Factor

- How do we know about Stone Age man?
- How can we understand how people lived in the Stone Age?
- How can we use the evidence we have of changes from the Stone Age to the Iron Age?
- Why do you think people began to live in more organised communities?
- Why do you think tribal kingdoms were established?
- Why is Skara Brae important? How can we use Skara Brae to help us understand the changes from the Stone Age to the Iron Age?
- What actions could we take to learn more about changes from the Stone Age to the Iron Age?
