# Ofsted – March 2022:

- Pupils at Yattendon are buoyant and full of energy.
- They are excited to talk about their experiences of school, and they enjoy their learning.
- Pupils feel safe and know that school staff are there to support them.
- Leaders have developed an ambitious curriculum and want every pupil to acquire the knowledge and skills they need for future success.
- Leaders know that following the pandemic, some pupils need more help with reading and mathematics. These pupils are getting the help they need to catch up and succeed in their learning.

I think teachers go above and beyond for the children and treat them with the upmost respect and care which is an invaluable lesson to them

Great visibility from staff at pick up and drop off. They seem to know the children well and provide a good welcome.
